TORTURING PAIN.

Half This Man's Sufferings Would Have Killed Many a Person, But Doan's Cured Him.

Thousands of grateful people are telling every day how Doan's Kidney Pills cured them of distressing and dangerous kidney and bladder troubles.

Yet other thousands are suffering every day from these same ills. Why? They are either very negligent or very skeptical. Neglect of kidney disorders leads to dropsy, diabetes, Bright's disease and other fatal diseases.

Sincere, honest testimony like the following should convince every skeptic.

A. G. Sprague, stock dealer of Normal, Ill., writes: "For two whole years I was doing nothing but buying medicines to cure my kidneys. I do not think that any man ever suffered as I did and lived."

The pain in my back was so bad that I could not sleep at night. I was a horse and sometimes was unable to ride in a car. My condition was critical when I sent for Doan's Kidney Pills. I used three boxes and they cured me. Now I can go anywhere and do as much as anybody. I sleep well and feel no discomfort at all."

A FREE TRIAL of this great kidney medicine which cured Mr. Sprague will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all dealers; price, fifty cents per box.

All Hail, Mince Pie.

A Whitman-ese Chant of the Season. I sing to you, oh pie delicious, fragrant, Warm taken from the oven, hot and steaming. What music and what cheer, and what life to the others.

"Each look to the next each answering all." What different climates and races have united And toiled with patience to produce this mince-meat.

This lovely of ingredients, compounded, The apples, raisins, currents, sugar, spices, These heavenly stars that the luscious neck-piece, Fresh killed and tender, that on Sunday noots Was wont to feed in many a verdant pasture And whose fatted "heath" heavy joke, ver-goaded;

Slept, fought or loved, or hated to a finish, The shambles and the market place, The pot, the oven, thence unto the table, On its final resting place, my Stomach, Tho' others deny thee, I deny thee not!

"What is all else to us?" With blended feast, In thee, I eat of apples fair and rosy, That grew to bed the loaves on it as quite proper and natural that she should be in bed late the next morning, and all of the family accept the fact as a matter of course. But if mother is up half the night with an ailing baby, neither her lady daughter nor any other member of the family seems to think it necessary that she should stay in bed and make up her broken sleep.

When a girl goes to a party and is late in getting to bed she looks on it as quite proper and natural that she should be in bed late the next morning, and all of the family accept the fact as a matter of course. But if mother is up half the night with an ailing baby, neither her lady daughter nor any other member of the family seems to think it necessary that she should stay in bed and make up her broken sleep.

He was more than discouraged. He was whipped in the battle of life. For a month he had fought a losing fight. The hard times, short crops and bad debts had done their work. At the close of the season he found himself bankrupt. The deepening lines upon his handsome face, the slight stoop to the shoulders, the cooling of the blood, the mental strain through which he had passed.

He took from the drawer of his desk a pistol and coldly contemplating thought "well he thought of suicide."

He looked at the eyes caught sight of a fair face smiling at him from a photograph. With that smile came to him thoughts of happier days; glimpses of sunlit meadows, shady lanes and quiet groves. Again he could hear the singing of the birds, the cooling of the blood, the mental strain through which he had passed.

The warm glow of the frelight flickered upon the walls and the happy voices of youthful friends resounded again around the hearthstone. And amid all the scenes he saw the fair face and slender form of his boyhood love, the sweet heart of his youth, the wife of his mature years.

Life took hope again, the warm blood coursed through his veins as of old; the pistol went back into the drawer.

Fads in the Schools. Our very practical and mainly sensible fellow citizen, Dr. Twitchell, farmer, editor and public speaker, has been telling some very pertinent facts to the Maine Farmer regarding the fads which are striving to find their way into our common schools. No matter how many may disguise or sugar-coat the information imparted in the schools, the pupils must do some hard digging on their own account. There are certain facts in arithmetic and in geography and in grammar that have to be secured without the aid of the teacher's work book. And the harder the work is, the longer the information will stand by the pupil, and the more use it will be to this same pupil. Fads are right enough, but they cannot be substituted for the real solid information that is serviceable to us all through our lives. Inductive reasoning is a thing of slow growth. Before the pupil can gain a comprehensive knowledge of the studies this pupil must learn to reason—to dissect the cause and then lead up to the effect. Memorizing is a useful accomplishment, but it never can take the place of synthetic reasoning. The pupil who can reason is the one who passes a satisfactory examination. The pupil who can memorize recites perfectly in the daily lessons, but fails disgracefully in the review.

Every fad that is introduced to make the studies easier, every lowering of the grade to diminish the effort a pupil will have to make, every softening of the fads, which divert the pupil from the hard studies at hand, are delusions. Before a child can be permitted to take up a fad that child should be among the leaders in practical studies. We have too many who are good in football, in football, but who are deficient in geometry and algebra and arithmetic. This tendency to make studies "easy" is fatal to the mental development of any person.

"Little colds" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Cough Syrup, which cures big colds, who down to the very verge of consumption. 41

She Teaches Art in the Philippines. A very smart Brighton girl is Helen M. Freeman, daughter of Nathan S. Freeman, a man. A. C. has since made a proud record as school teacher. Not only in her home town and elsewhere in her native State has she taught with great success, but the sphere of her profession embraces other states also. Cuba and Philippines. She also teaches art. During her visit here, she returned to the latter, to resume her duties as teacher of drawing in the Manila Drawing School. On her way to the Pacific coast she visited the chief cities of the west, climbed Pike's Peak and spent some time in California. During her vacation in Maine there were several delightful reunions of friends.

The Girl Loafer.

A girl loafer? That does not sound very pretty, does it? And yet there are a good many girls whom the title fits. In the winter months, there are girls who spend their time doing absolutely nothing. Circumstances do not render it necessary for them to earn their living, and so they stay at home and fritter the precious moments away in useless pursuits.

These girls, then, are girls who spend their time doing absolutely nothing. Circumstances do not render it necessary for them to earn their living, and so they stay at home and fritter the precious moments away in useless pursuits.

THE VITAL CENTER.

No Man Stronger Than His Stomach—Let Mi-o-na Strengthen Your Digestive System.

The stomach is your vital center. No man is stronger than his stomach. The average man measures his physical vitality by his heart, his kidneys or his lungs. Yet it is the stomach that should first be considered when you cast up the account of health.

Every organ of the body is sustained and nourished by food which is converted into nutrition in the stomach and conveyed to every part of the system in the form of blood. For this reason, when the stomach is strengthened with

Mi-o-na and is able to convert the food into nourishment, all other organs become well. This explains why many cases where liver or kidney diseases in the stomach are cured.

It is the most wonderful health restorer known, and is sold by Norway Store under an absolute guarantee that it costs nothing unless it restores health. Just one little tablet, out of a box of Mi-o-na for a few days, and you will soon see a great improvement in your health.

FRYEBURG CENTER.

Many Attended. The closing exercises of the district school occurred Friday afternoon, Nov. 17, with a large attendance of friends of teacher and scholars, who were entertained with songs, recitations and dialogues by the children, and grammophone selections by Mrs. Bradley. The work of the pupils seemed remarkable considering that with one exception they were all under eight years of age. Edith Farrington shows in her work her perfect right to be considered a model teacher. A fine treat of candy and cornballs was served to all present after the exercises.

WEST SUMNER.

Buildings Burned. The buildings of Mrs. Thurza Crockett were burned down at about one o'clock on the morning of Nov. 16. Mrs. Crockett was alone and as she supposed was awakened by the cracking and arose only to find the fire well under way, at about the same time discovered by neighbors. Many were startled by the ringing of the bell.

The fire made such rapid progress that but little was saved. Fortunately it was raining at the time, which with the efforts of the people gathered saved other buildings which were very near. This is a great loss to Mrs. Crockett, as she was well situated in a comfortable home. How true it is that "we know not what a day or an hour may bring forth." Insured for \$400.00. Cause of fire unknown.

W. E. Lothrop is preparing to build a barn.

H. A. Proctor's blacksmith shop in the center of the village is vacant.

G. A. Chandler has put a piece onto his barn for an ice house, and H. T. Heath and Arthur Bonney have each built an ice house.

Geo. Packard and family have moved into Mrs. Packard's father's, Henry Young's for the winter. Mr. Young is along in year and is poorly wintery.

Mrs. Nellie Small and daughter, Mrs. Helen Robertson, returned Nov. 15, from their visit to Farmington and Rumford Falls. Mrs. Robertson lost a valuable case somewhere on the way.

Mr. and Mrs. Hiram Howe have gone to Rumford Falls, to their daughter's, Mrs. L. P. Merrill's, for an indefinite period. We were very sorry to hear that Mrs. Merrill was sick with rheumatic fever.

Rev. H. A. Abbott, one of Sumner's young men, now of Bridgewater, N. Y., has visited his mother, Mrs. K. P. Bowker, and other relatives. His many friends appreciated the opportunity to listen to a good sermon by him in the Universalist church last Sunday.

The W. R. C. dinner and sale Nov. 15, was a success socially and financially. The quilt was drawn by the name of Albin Abbott. The aprons and other articles on the fancy table sold readily. A table of lovely paper flowers made and presided over by Mrs. F. L. Wyman, of South Woodstock, a member of the group, was in demand after all were sold. The children enjoyed the fish-pond dinner several cakes were sold, some going out of town. Prayer was offered by Rev. H. A. Abbott, recitations by a number of little folks and a solo song by Madge Tuell, of West Paris. A faro by some older ones entitled "Taking the Train Tomorrow" afforded much amusement. All was interspersed with music. There was a large attendance considering the bad traveling. Proceeds \$16.41. The inspectors meeting will be held Nov. 24.

Pleasant Valley. Mrs. Kate Adams is visiting her sister, Mrs. Louise Adams.

Elmer Fox, of Lovell Center, is visiting friends in this place.

Melven Allen and Seth Hutchins have been in this place buying fur.

A party went to Grafton to hunt deer, and camped in the woods. Every thing went very pleasantly until one afternoon they were out wandering about until dark. One of the party got strayed away from the others and as he was passing a spruce tree, something sprang from another tree and came bouncing on to the ground beside him, giving a yell. It was so dark that he could not see to shoot at the animal which kept jumping from one side of him to the other. It followed most to the camp.

After a time he thought of a deer that he had strung up out side and went out to see if it was all right, and to his surprise there stood the least before him again making a scream loud enough to deafen the ears of the listener, he bounded into some bushes near by. The gentleman went back into the camp and after a few hours that they all retired for the night. At about the hour of midnight the animal came bounding into camp knocking over things and arousing the occupants and frightening the ladies of the party most into fits. They did not succeed in shooting the beast.

NORWAY AND VICINITY.

The Annual Roll Call.
The annual roll call of the Second Congregational church was held Thursday evening in the dining room. The tables were set, one in horseshoe form, and the other T shaped, and were loaded with a most excellent supper of salads, meats and pastry. After the knives and forks had finished their duty the pastor, Rev. B. S. Rideout, called the company to attention and read the church roll.

Sixty-five answered to their names and letters were read from a number of absent ones. The reports read showed a slight decrease in membership owing to death of several of the older members. The treasurer's report indicated a substantial balance on hand.

At this meeting a sum was appropriated for a charitable object. The annual election of officers followed and a brief address was given by the pastor, when after the pronouncing of the benediction the most pleasant and helpful roll call was closed.

Clerk—Mrs. B. S. Rideout.
Treas.—H. L. Horne.
Steward—S. D. Andrews, H. L. Horne, Geo. S. Holmes, Mrs. W. S. Partridge, Visiting Com.—Mrs. J. F. Swan, Mrs. A. J. Stearns, Mrs. W. F. Swan, Mrs. C. N. Tibbs, Mrs. Anna Keene, Mrs. E. N. Swett, Mrs. Julia Horne, Mrs. B. S. Rideout.

Rev. Selden Gilbert, D. D.
Died at Brookline, Mass., Nov. 18th, Rev. Selden Gilbert, D. D., at the age of 85 years. The deceased was a native of Greene, being the son of the late Lewis Gilbert, esq. His boyhood life was spent in his native town. After attending the common schools, he graduated at Westbrook Seminary, Tufts college and took his theological course at Canton, N. Y., Universalist Theological Seminary.

His first parish settlement was at Norway and Paris. He came here in September, 1869, and was ordained the October following. He remained here for nearly two years and was then called to Melrose, Mass. He has had settlements at Bridgeport, Conn., East Boston, Little Falls, New York, Allston, New Haven. His last settlements were at Livermore Falls and at Machias in this State. Five years ago he left his profession and settled with his son in Brookline, where he resided till his death. At one time he was connected with a denominational paper in Chicago.

He married Sarah Louisa Whitmore of Bowdoinham. He leaves a widow, one son, Louis W. Gilbert, M. D., of Brookline, Mass., and two brothers, Hon. Z. A. Gilbert of Greene and J. C. Gilbert of Whitman, Mass. Burial was at Turner Center.

Mr. Gilbert was a descendant from John Alden, the Mayflower pilgrim; also from Gov. Bradford of Massachusetts.

Dr. Tenney's House Burned.
Fire early Monday morning practically destroyed the fine home of Dr. R. Austin Tenney of Portland, situated at No. 35 Ocean avenue. The building consisted of a two and one half story house and L. and the loss will probably be somewhere between \$5,000 and \$6,000. Besides the building all the furniture and a lot of optical apparatus was ruined, the blaze having got such a headway that nothing could be saved.

Dr. Tenney, his wife and young son were asleep when the fire started. The first warning that the house was on fire was when Dr. Tenney awoke coughing from breathing the dense smoke. The room was filled with suffocating smoke. Mr. Tenney roused his wife, who was sleeping soundly, and they proceeded to his son's room and carried him out of the burning building, then pulled in the alarm.

Harriet Millett has one of the finest collections of post cards in this vicinity. Mrs. Alice Morris and two daughters recently visited at Dr. L. C. Cobb's, at Mechanic Falls.

Ivie Brown, who has been employed as nurse by Dr. C. F. Hammond at The Beeches for the past season, has returned home for a short vacation.

Will Cole went to Portland Saturday on business. Mr. Cole has an extremely busy time buying apples for the cold weather is causing him great trouble.

Alphonse Bushley is working for John A. Roberts on the farm. He came to town from Rumford Falls, and has been employed during the summer by Fred Hersey, at Noble's Corner.

A. L. Butters and family returned Friday from Bridgton, where they have been through the summer. Mr. Butters being employed at his trade of painter. He expects to go to work for the Novelty Turning company at the Falls.

About 175 people partook of the chicken pie dinner at Norway Grange Hall, Saturday noon. The dinner was fine, and greatly enjoyed by all. An entertainment was given in Grange Hall in the afternoon, and attended by a goodly number.

Last week Grange Hall, Chacehallor M. L. Kimball attended a meeting of the Eastern Maine Pythian Knights at Bangor. The meeting began Thursday afternoon at 4 o'clock and continued until 6 the next morning. The rank staffs of several lodges worked the several ranks in competition, and very fine work was presented. About 1200 Knights were present.

A large and appreciative audience saw Denman Thompson's "Two Sisters" played at Norway opera house, Thursday evening. The play was well staged and the different parts well taken. Some good specialties were introduced during the play. The company went from here to Vinalhaven on the early morning train, Friday, leaving three of the players here who failed to catch the train.

He Applied for Indoor Work.

A young man recently applied for work in the printing office. He had some notion of learning the trade, or at least finding out about it.

He claimed to be fifteen years old and was raised on a farm but had "shifted for himself" for some years. He looked as if used to outdoor work and might have the making of a good printer in him.

He was asked where he had been working the past year and with reluctance he owned up to have worked in several places but had found "no good job."

So some time last January he commenced work for the Oxford Paper Co. at Rumford Falls as a roll machine tender at \$1.65 per day. His boss was H. Hawley. He stopped here about 14 weeks. Had forgotten the cause of his leaving or did not care to tell.

He hired out to do farm work for Walter S. Buck of North Norway for \$20 per month and board. Some misunderstanding or disagreement about haying and he quit.

He next found employment in C. S. Whitney's factory at Harrison at \$1.00 per day. He stayed a short time. Pay was too small and he quit.

He came to Benj. Tucker's, Norway, to work on farm for \$20 per month. He was there six weeks and he and Mr. Tucker had a disagreement and he left.

A job in the Harrison corn shop was secured at \$1.50 per day and he worked long enough to get \$11 and left the job for steady work at South Waterford on the farm of Will E. Jordan at \$22 per month. He worked there one month, weeks and about the first of this month he came to Norway and got work of Frank Willis at the Crockett Bridge steam saw mill at \$1.50 per day.

Last Tuesday he applied to us for work, having thrown up his work at the mill because the logs had frozen into the water the night before and he could not readily and easily get them to the mill slip. He had no trouble with Mr. Willis because this gentleman wasn't at the mill when he concluded to leave.

This man, of course, feels that "the world" uses him roughly because he can't find "an easy job" and steady work like printing.

He says he owes no one any money, no store or board bill and that he has some \$2.50 about him.

He was advised to return to work at the steam saw-mill and the last seen of him he was crossing the street to call at the office of C. B. Cummings & Sons.

This man has his home in Norway and when at home lives on a farm. We really hope he can find congenial employment at fair wages.

EAST WATERFORD.

Joe Haskell has his new mill nearly completed. George W. Gray has been doing some booting for Sam Young.

George Stevens has moved his family to South Waterford, for the winter.

School closed in this village Nov. 16, after a successful term taught by Carrie L. Plummett, of Waterford.

Ned Haskell who has been stopping with his sister Mrs. Carrie Fields, has returned to his home in Harrison.

Maria Stanley who has been attending high school at South Waterford for ten weeks, has returned home for a few weeks vacation.

EAST STONEHAM.

Walter McAllister shot a nice deer Saturday.

Raymond McAllister shot a large buck deer last Thursday.

Fernando McAllister has had a new furnace put in his house.

School closed in this district Nov. 17, Mrs. J. M. Bartlett as teacher.

George Brown shot three bears, Friday. Pretty good for one day's hunt.

Mrs. Rebecca Millikin fell off from a piazza. No bones were broken.

Wilbur McAllister visited friends in Norway and Paris, one day last week.

Fryeburg Academy.

The snowstorm of last week has put an end to the boys' out-of-door sports, and they have now begun their work in the gymnasium. Tumbling, bar-work, and boxing "seem" to be the favorite sports.

The Thanksgiving recess will extend from Wednesday night, Nov. 23, to Monday morning, Dec. 4. The recess will be the last two weeks thereafter, closing Dec. 15. The winter term will open Tuesday morning, Jan. 2. New classes will be formed, or, other opportunities will be offered, for such scholars as were unable to attend the fall term.

Gerome Volk, '09, expects to leave the school the last of November to spend the winter with his parents in Rome, Italy. He intends to come back and resume his studies at the academy in the spring.

A new plan has been adopted by the teacher in regard to the examinations. Instead of having all the examinations come together at the middle or end of a term, they will be given at a selective courses at times when the teachers have covered what, in their judgment, is sufficient ground to warrant an examination. Two successive recitation periods of the study will be given to the examination. In this way the annual system of forcing an examination at regular intervals, without regard to the amount of work covered, will be done away with.

What Is Love, Anyway?

It is said, and with all truth, that "Love cannot exist without respect." Probably we have all tried, that is, our eternal sorrow. Supposing a man is in love with a woman, in whom he has found serious defects, such as indolence, untruthfulness, slovenliness, light headedness, etc., should he endeavor to overcome her faults, or try to forget his love? Probably that is a question that confronts many men in this wonderfully feminine world of ours and very few solve it satisfactorily. As for myself I should say that love is not my bosom friend. Better a short life of pain than the life long misery and torture of being wholly untrue to one's self.

Among the "Andover" men securing deer are: Wallace Richards and son Fred Poor, one, Webster Leonard, one, Jack Burgess, one, Harry Merrill a 200 pound buck.

Fresh eggs will soon be a rarity in the local market, most of the hens have stopped laying.

The tenth annual meeting of the Maine Ornithological society will be held in the rooms of the society of Natural History, Portland, Dec. 1 and 2.

THE DISCOVERER

Of Lydia E. Pinkham's Vegetable Compound, the Great Woman's Remedy for Woman's Ills.

Yours for Health
Lydia E. Pinkham

No other female medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends as has

Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, all Ovarian Troubles, Inflammation and Ulceration, Falling and Displacement of the Womb, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Leucorrhoea than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors from the Uterus in an early stage of development.

Irregular, Suppressed or Painful Menstruation, Weakness of the Stomach, Indigestion, Bloating, Flooding, Nervous Prostration, Headache, General Debility quickly yield to it. Womb troubles, causing pain, weight and backache, instantly relieved and permanently cured by its use. Under all circumstances it invigorates the female system, and is as harmless as water.

It quickly removes that bearing-down feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, Dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues" and headache. These are sure indications of Female Weakness, or some derangement of the Uterus, which this medicine always cures. Kidney Complaints and Backache, or either sex, the Vegetable Compound always cures.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

Maine as a Health Resort.

At this season of the year many hundreds of the State's citizens are preparing to spend the winter in places of higher temperature than is found at home. Most of these winter tourists keep with them a somewhat exaggerated idea of the colder weather here and even when experiencing the damp fogs of either the South or the West, and shiver with a chill that cannot be shut out, or perhaps confined with their feet for a week or more at a time on account of a down-pour of rain, they feel glad that they are not in Maine with its snow.

But the people of Maine who cannot conveniently take a winter trip to summer skies should gain some satisfaction from the knowledge that the climate of Maine in winter is pronounced to be of the purest by the leading specialists on pulmonary diseases. The dry, cold atmosphere of Maine, full of ozone and invigorating, is the best for the consumptive and many, very many of the winter travelers really flee from the very tonic and health-giving agency they seek in going somewhere else.

In our modern sanitariums, so very successful in their treatment of pulmonary troubles, the patients sleep in rooms, the windows of which are wide open, and during the day time they are compelled by the regulations of the institution to keep out of doors, even if the temperature is twenty degrees below the zero point. This treatment, with warm clothing and nourishing food results in cures that were considered, not many years ago, as impossible. Certainly, the one financially able to spend the winter either in Florida or California (the three things mentioned above, pure outdoor air, warm clothing, and nourishing food can be afforded).

In these institutions it has also been found that more rapid improvement towards recovery is made during the winter months than at any other time of the year. This revelation is also against the theory that, in order to preserve health, one must escape the severe winter weather. What one must really be better assured, are the very precautions taken in our Maine home to "keep comfortable."

Sitting with feet on the register through which is passing a current of hot air, double windows on the house all around, lack of daily exercise in the crisp winter air, these are the things that promote the scourge of consumption. The slyx so often sought for elsewhere is right here with the snow and the cold.

Often Frank Whiskey and Water with Neal Dow.

I have just heard a good story, that is said to have been related by Dr. Gordon of Portland at a reunion of his regiment held at Fryeburg. It seems that the doctor of Maine in the same regiment as that of Neal Dow, the prohibitionist, was colonel. Speaking of Mr. Dow, the doctor said: "Gentlemen, you may all think that you knew Neal Dow first rate, and believe that he was a temperance man, but I want to be distinctly understood that I have often drunk whiskey and water with Col. Dow."

A cloud of incredulity swept over the assembled veterans at this statement, as the doctor paused for a moment, then in a most unbecoming tone he added, "I drank the whiskey and he drank the water." This brought down the house.

Fresh eggs will soon be a rarity in the local market, most of the hens have stopped laying.

The tenth annual meeting of the Maine Ornithological society will be held in the rooms of the society of Natural History, Portland, Dec. 1 and 2.

DR. KENNEDY'S FAVORITE REMEDY

Breaks no Hearts, Excuses no Crimes.

Dr. David Kennedy's FAVORITE REMEDY is not a disguised enemy of the human race; where it cannot help, it does no harm. It is composed of vegetable ingredients and does not heat or inflame the blood but cools and purifies it. In all cases of Kidney troubles, Liver complaints, Catarrh of the Bowels, and the different derangements of the system which afflict women, the use of Dr. Kennedy's FAVORITE REMEDY is beyond praise. Thousands of grateful people voluntarily testify to this in letters to Dr. Kennedy, and with warmth and confidence of words which make business certificates never passed makes no drunkards—excuses no crimes—breaks no hearts. In its coming there is hope, and in its wings there is healing. We challenge a trial and are confident of the result. Your druggist has it. OR, DOLLAR a Bottle. Bear in mind the name and address: Dr. David KENNEDY, Rondout, New York.

OTISFIELD.

Pilgrims Progress.
Rev. C. L. Woodworth, of Lewiston, preached at Spurr's Corner, Sunday, Nov. 12, and the three following evenings gave readings from Bunyan's "Pilgrims Progress." The scenes and characters of this great allegory were most skillfully and vividly portrayed by Mr. Woodworth who was listened to with close attention by the audience.

Most all the apples in this vicinity have been sold and shipped. A public installation of the officers of the Crooked River lodge of Free Masons is held at Bolster's Mills, Thursday evening, Nov. 23.

Dr. Walter Cain, who has been engaged for a few years in mining in Nova Scotia, is stopping a few days at his old home at Spurr's Corner.

The farm formerly owned by the late J. W. Noble, but which has recently been purchased by John Thomas of Harrison, will be partly cleared of the timber this winter.

NORTH WOODSTOCK.

Canker Rash.
The school at Poplar school house closed last Tuesday, on account of canker rash. The children of Herbert Buck and Jack Dwinells are sick with it. The homes are quarantined.

Ernest Sessions is at work for R. C. Farnum. Henry Billings is at work for H. A. Sessions. Herman Billings shot a nice deer Thursday morning.

Addison Bryant spent Sunday, at his brother's, F. C. Bryant.

The apple packers who have been packing in this vicinity finished work Saturday.

Mrs. Walter Russ and two children, of Norway, returned to her home Wednesday. Walter Russ shot two deer while at C pond.

The annual meeting of the East Milton and East Woodstock telephone association is to be held at Poplar school house, November 29.

GREENWOOD.

Railroad Train Killed Sheep.
Friday morning the attention of the people was called by Cookson, engineer of the Pilot, while between the underpass and Willis' mill. It was soon learned that a flock of nice sheep, belonging to E. W. Penley had been run into by a train, some time during the night. About fifteen were killed instantly and five seriously wounded. This accident took place by the underpass in front of Al. Tubbs' house. Before noon the track was cleared of the mangled bodies, the wounded sheep killed, and all were buried.

Come home for Thanksgiving. Alice Morey is at work for Francis Cole.

Rodney Verrill is at work for Frank Ring.

Alger Millett is at home helping his father.

There will be a dance at the City, Nov. 25.

Maud Swan is visiting her sister, Mrs. Ernest Curtis.

Ernest Curtis is at work in the woods on Spruce mountain, in Woodstock.

Walter Emmons sent a nice lot of chickens to Penley, of Auburn, one day last week.

Virginia Ederly will not be able to attend school again this term because of the trouble with her eyes.

Bert Morey and family, of Oxford, have moved onto their farm recently purchased in the upper part of the town.

Mrs. Fred Waterhouse was greeted Nov. 12, by a mother hen and eleven little chicks. They had just left their nest, which had been stolen away out in the woods. An unusual sight for this time of year.

BUCKFIELD.

Rawson-Spaunding.
At the home of the bride's mother, Mrs. Carrie E. Spaulding, in Buckfield, on Wednesday, Nov. 15, occurred the marriage of Harley F. Rawson and Lila Spaulding. The ceremony was performed by Rev. W. D. Atherton. Only relatives were present. Many fine presents were in evidence. The bride is the daughter of the late Cyrus C. Spaulding, and the groom is the son of J. A. Rawson, the druggist, and is a ball player of note.

The contemplated Montreal trip to fool the young people ended near the corn shop, and on their return to the depot for their Boston destination they found no one had taken them seriously. Hence the usual demonstrations prevailed, and a goodly number boarded the train for East Hebron, scattering "seeds of kindness."

The sisters of the bride, Mrs. Stanley Bibe of Rumford Falls, Mrs. Ellis Russell of East Sumner, Mrs. A. E. Cole and Mrs. N. E. Morrill, with their husbands were in attendance. They were recipients of many fine presents.

Quite an amount of moving is being done.

Fred Davee is moving into Mrs. Betsy Hersey's rent.

E. B. Austin has got back in town from South Paris.

Sadie Thorn has sold her place and taken rent of R. C. Thomas.

Forty cents per dozen for eggs. Oh, my! Why not keep them over for a rise?

Fred Regard, Bert Tilton and B. W. Allen went to the twin cities, Saturday, returning Monday.

Walter Ricker, who has worked for the barber, Wilson Conant, has gone to his home in Sabattis.

Stanley Benson is to occupy a rent over Morrill & Cole's store, it having been recently renovated.

Col. Bradbury may be seen out these crisp mornings taking a sun bath while others are huddled up with the cold.

Chas. Buck got to West Buckfield with his father, and a Mr. Hayden from Livermore Falls occupies the Buck farm.

Mrs. Ellis Marston of Auburn has recently been in town, called here by reason of her mother's illness, Mrs. Wm. Irish.

O. E. Waite, who has been hostler for A. F. Warren for the past year, is to close his labors and go to work for Irish Bros. Thomas Tenney is take his place in the stable.

Ernest Damon, who left town about a year and a half ago, moved to Norridgewood, has sold very advantageously and now has purchased the F. A. Taylor place in this village.

SOUTH WATERFORD.

Overseer in Industrial School.
Mrs. Sadie Randall is in Waterford for a visit. She is from the Lancaster Industrial School for girls, where she is employed as overseer in one of the cottages.

The High school has closed. School at Mutiny closes next Friday. Several deer have been shot in this section.

Mrs. Laura Shaw has returned from a visit to Portland.

The recent heavy fall of snow has nearly disappeared.

John Sanderson has been visiting in Waterford. He has now returned to New York.

Mrs. Clement Riggs is at a hospital for treatment, having had a tumor form in the shoulder.

Miranda Billings, who was recently stricken by a shock, died on Nov. 18. She was over 80 years of age.

Mrs. Jennie Kimball went to Bridgton last Thursday to attend a lecture, subject, John and Foolery, by Rev. Wm. Wood.

The L. and S. club hold the next meeting at the home of Mr. and Mrs. Frank Shaw, Nov. 20. Program:

Musical.....Mrs. F. Hapgood

Current events.....Mrs. M. M. Patrick

By all, Jennie Hamilton, Organist

Curse has purchased the F. A. Taylor place in this village.

Would those present wear something representing the title of a book.

Mary Josephine Chaplin.

Mary Josephine Chaplin of Naples, only child of Mr. and Mrs. Samuel Chaplin, died Nov. 22, at her home.

She was almost an invalid nearly all her life, and was lovingly cared for by her parents, who miss her very much. She was 28 years old.

NORTH WATERFORD.

Their Wedding Trip.
Mr. and Mrs. Giddings of Tapworth, N. H., are stopping at James Brown's on their wedding trip. Mrs. Giddings will be remembered as Sadie Webster, a niece of Mrs. Brown and attended a term of school here in 1893.

Walker Nason and wife have returned from a visit to Bingham.

Harry Brown and wife returned Saturday from a trip to Portland.

Mrs. Grace Elliott and daughter visited Mrs. Elliott's mother in Stoneham, Sunday.

John Rice and Phil Stone came from Norway, Tuesday. Mr. Rice's health is improving.

Alden Washburn, familiarly called Squire, hands us the following lines for publication.

Mrs. Bradford Nason is ill and her daughter, Mrs. Mattie Black has been called from Bridgton.

Mrs. Farrington is not as well. She seems to be failing daily. She is kindly cared for by Charles Berry and wife.

W. S. Perkins' piazza is nearing completion. There are about 500 feet in both piazzas and it is a great addition to the building.

Mrs. Moses Mosher has some handsome braided rugs of her own making. She has sold a number to go to Brooklyn, N. Y., for a good price. The last one made she says is the nicest of them all.

My Wish.

If any little word of mine

May make a life a little brighter;

If any little word of mine

May help me speak the true word,

And take my bit of singing

And drop it in some little vale,

To set the echoes ringing.
